

EC Coaching Professional Development Points Event Registration

In January of 2014 the Coaches Association of Canada introduced a new system for the recording of Professional Development for NCCP Certified Coaches and Instructors. As part of the new process clinics, workshops, symposiums and other educational events must be submitted and entered into the CAC database before the attending coaches can be given credit for attendance.

When you are holding an event that Coaches may want to use for Professional Development points we ask that you fill out this form and return it to HCBC. By registering your event you are assisting Coaches to obtain the required hours to stay certified.

Each event registration will be posted on the Coaches Calendar on the HCBC website and be marked as registered and approved for Professional Development Points.

Name of Event: _____

Date: _____

Location: _____

Clinician(s): _____

Event length: Days: _____ **or Hours:** _____

Describe this event

Attach any promotional or registration form. Attach a separate sheet if you require more room for the description.
