Trail Etiquette

When we meet you out on the trail we will:

Stop, Smile and Speak

We hope that you will do the same! Our horses are naturally prey animals and may spook if caught off guard. Please keep your pets on leash and in our horses line of sight. If you're riding a bike and our horses are frightened please dismount to show them you're not a predator.

Thank you for sharing the trails and for more trail tips please visit our website!
