Horse Council BC (HCBC)

is recognized by the Government of British Columbia as the official organization for Equestrian Sport in BC.

Every eventuality cannot be provided for in these rules.

It is the duty of the officials and the competition management to make informed decisions in a fair and sporting spirit, approaching as near as possible the intention of these rules, and in doing so protecting the reputation of the sport and the welfare of the horse.

All Competition Organizers hosting HCBC sanctioned competitions, should be familiar with the HCBC rules and policies and should have copies available for the use of exhibitors, parents, volunteers and officials. At no time are Equestrian Canada Rules to be used at a Provincially sanctioned competition.

The HCBC Rules are reviewed annually and posted on the HCBC website. Submissions for recommended rule changes will be considered until October 1st annually and reviewed for inclusion to the next years' rule book.

Aims Goals and Objectives

To ensure that Competition Organizers have the tools and support they need to operate within the recognized sport framework, follow current safety rules and guidelines and be aware of the risk management that is necessary and of the utmost importance for hosting a well-planned, successful competition.

To provide HCBC sanctioned competitions the support and governance of the current Horse Council BC Rule Book.

To develop, grow and retain a deep pool of well-educated and knowledgeable officials.

To capture the activity that demonstrates the value of Equestrian Sport to the government at all levels.

To provide, through education, participation in a quality structured, grass roots competition system and a well-planned development pathway, a feeder system that will grow and strengthen the development of the discipline sports and equestrian athletes.

To align with Long Term Equestrian Development (LTED)

Horse Council BC welcomes and encourages all grass roots and entry level competition organizers to sanction their show with HCBC. By doing so the equestrian sport community in BC can work together to ensure a fun, affordable environment within a fair playing field that will aid towards the growth and success of Equestrian Sport in BC.

Horse Welfare Statement

Horse Council BC members are responsible for the well-being and humane treatment of any equine entrusted to their care. Every horse at an HCBC approved event shall, at all times, be treated humanely and with dignity, respect, and compassion. The welfare of the horse is paramount. Any inhumane treatment or the abuse of a horse by any person at an approved HCBC show is forbidden. The obligation and responsibility to handle horses you own, use or that are in your care, with skill and compassion ensuring, regardless of value that they are not subjected to abuse, neglect or mistreatment. Horses used in competition, spectator events, shows, or exhibitions must not be subjected to unscrupulous use of medications, non-nutritive agents, equipment or procedures that may alter performance, appearance or natural function.

The standard by which conduct, or treatment will be measured is that which a person who is informed and experienced in generally accepted equine training and competition practices would determine to be neither cruel, abusive, nor inhumane.

It is recommended that competition management publish a statement in their show program regarding the commitment to humane treatment of horses with the penalties to be imposed for confirmed abuse of horses at a recognized event.

1. All forms of cruel, inhumane or abusive treatment of Horses, which include, but are not limited to various forms of rapping, are strictly forbidden. and will result in elimination

- Rapping:

The term “rapping” is construed to include all of the artificial techniques intended to make the horse jump higher or more carefully in competition. In general Rapping consists of the Rider- and/or dismounted assistants, (for whose behavior the rider is responsible) - either hitting the horse’s legs with something (no matter with what or by whom) or deliberately causing the horse to hit something itself, whether by building obstacles too large and/or too wide, setting false ground lines, placing trotting poles or the elements of a combination at a false distance, intentionally pulling or pushing the horse into an obstacle or otherwise making it difficult or impossible for the horse to negotiate the practice obstacle without hitting it. In the case of rapping or any other abusive schooling practice within the period of jurisdiction of the Competition Management and Provincial Rules Official, the competitor and the horse concerned will be disqualified from the competition with the possibility of being asked to leave the competition grounds

- Excessive use of the whip:

- The whip may not be used to vent an Athlete’s temper.
- A Horse should never be hit with a whip more than three times in a row.
- The horse’s skin should never be broken due to excessive use of the whip
- The whip is not to be used after elimination

- Excessive number of classes: typically, no one horse should do more than five classes in one day.

Bio Security

It is strongly recommended that horses be up to date on vaccinations and in good health to perform.

Vaccinations offer horses protection from some infectious diseases, but do not eliminate disease risk. Vaccination guidelines vary by region. This should be taken into consideration when weighing the risk for exposure. While there are costs associated with vaccines, those costs are generally much lower than the costs associated with an infectious disease.

Show management has the right and duty to demand removal of a horse from the grounds if it is deemed unfit to compete. Competition management may enforce vaccination requirements for their competition or venue.

A request for supporting documentation confirming a horse's compliance with mandatory vaccination requirements is an acceptable condition of entry.

For more information on bio security practice please visit <https://hcbc.ca/equine-welfare/biosecurity/>

2.3 Show Jumping Phase

(b) Penalties

First Disobedience	4 Faults
Knock Down (considered as such when the height of the jump has been altered/lowered by horse or rider)	4 Faults
Refusal	4 Faults
Second Refusal	8 Faults
Third Refusal	Elimination
Exceeding Time Allowed	0.4 Fault for every second or fraction of a second over
Exceeding time limit	Elimination
Fall of horse or rider or both	Elimination

b) Penalties

- If a competitor jumps an obstacle correctly which has been improperly rebuilt, they will not incur a penalty, but if they knock down this obstacle they will incur a knockdown penalty.
- A resistance or stop is considered a disobedience and is penalized as such. A resistance is when a horse refuses to go forward, stops, steps back or makes one or more ½ turns. If the rider stops the horse for any reason it can also count as a resistance. A competitor stopping their horse may only be allowed if the course is rebuilt improperly. If it is determined by the judge and Provincial Rules Official that the course has been rebuilt properly, the competitor will incur a refusal penalty.
- If 'resisting' or stopping for 45 consecutive seconds the horse/rider will be eliminated.

(c) Timing

- The Competitor must wait for an audible signal (whistle, bell, buzzer) before crossing the start line.
- The Competitor will have 45 seconds after the signal to cross the start line.
- The same signal is used to stop the competitor on course in the case of having to reset a knocked down or dislodged fence, for an elimination, or off course.
- Using electric timers with two stop watches as back up timers is recommended.
- If hand timers are used, a minimum of three watches is recommended with the median time used as the official time. (The median time is the same time indicated by two of the three watches. If no two watches indicate the same time, the median time will be the time indicated by the watch which is neither the slowest or fastest time.)
- Time allowed must be used. Time allowed is based on the course length measurement at the prescribed speed (measurement of track should be generous) Time limit is calculated as twice the time allowed.

Show Jumping Phase (cont.)

- Time is recorded in seconds and 1/100ths of a second.
- Time shall start when the horses' chest reaches the start line and until after the last jump is taken and the horses' chest reaches the finish line.
- If, as the result of a disobedience, a competitor displaces or knocks down any obstacle, the bell is rung and the clock is stopped until the obstacle has been rebuilt. When the obstacle has been rebuilt, the bell is rung to indicate that the course is ready and that the competitor can continue the round. The competitor is penalized for a refusal and a time correction of 6 seconds is added to the time taken by the competitor to complete his round. The clock is restarted at the moment when the horse leaves the ground at the obstacle where the refusal occurred.
- If disobedience with a knock-down occurs at the second or subsequent part of a combination the clock is restarted when the horse leaves the ground at the first element of the combination. It is the exhibitor's responsibility to be ready to continue the course when the signal is given. If the bell has been rung and the competitor jumps other elements of the combination in his stride, it does not entail elimination or any further penalty should he knock down this element of the combination.
- If a horse slides through an obstacle, the Judge must decide immediately if it is to count as a refusal or as an obstacle knocked down. If it is decided that it is a refusal the bell is rung at once and the competitor must be ready to attempt the obstacle again as soon as
- It has been rebuilt. If the Judge decides that it is not a refusal, the bell is not rung and the competitor must continue on course and will be penalized as a knockdown.
- In the event of broken timing equipment, the rider may continue without penalty.

2.4 Eventing Derby Phase

The Derby course is to include a mix of Show Jumping and Cross-Country type fences. A minimum of 4 Cross Country fences to a maximum of 50% cross country type fences may be used. All Fences must have true visible groundlines with minimal or no fill. Courses are to be built to encourage clear rounds.

(a) Course

- Cross Pole Division: No fill. Course to consist of cross poles only. Simple track with one or two changes of direction.
- Intro Division: Minimal fill or decoration. Simple Track with 2-3 changes of direction. No combinations. Jumps and X Country type obstacles must be straightforward in design. No oxers on Show Jump obstacles.
- Beginner Division: No combinations
- Green Division: If combinations are introduced, they must be a minimum of two strides and should be presented in the easiest most inviting way i.e.: vertical to an oxer. Generous track measurements should be taken.
- Pre-Novice Division: Course may include one double combination of two strides (10 meters). Water and ditches are considered as jumping efforts
- Novice Division: Course may include one double combination of two strides (10 meters). Water and ditches are considered as jumping efforts

5.5 Derby Cross (cont.)

Derby Cross

To allow for time, riders may start the Derby course in a staggered fashion, so it may be the case that several riders are moving through the same part of the course. Because this presents the potential for other riders' performances to be affected, there are specific rules when riding with other competitors

- If a rider's progress is hampered to the point it may hold up another rider, they must hold back until it's safe to recommence.
- Competitors that are held up will have their time stopped until they can move again.
- If a rider fails to stop when told to on the course, they will be eliminated.
- If a rider deliberately obstructs the route of an overtaking rider, they will be eliminated.
- If a rider overtakes another horse unsafely, they will be eliminated.

Eliminations and Penalties

First disobedience (refusal or run-out)	4 penalties
Second disobedience (refusal or run-out)	8 penalties
