Horse Council BC (HCBC)

is recognized by the Government of British Columbia as the official organization for Equestrian Sport in BC.

Every eventuality cannot be provided for in these rules.

It is the duty of the officials and the competition management to make informed decisions in a fair and sporting spirit, approaching as near as possible the intention of these rules, and in doing so protecting the reputation of the sport and the welfare of the horse.

All Competition Organizers hosting HCBC sanctioned competitions, should be familiar with the HCBC rules and policies and should have copies available for the use of exhibitors, parents, volunteers and officials. At no time are Equestrian Canada Rules to be used at a Provincially sanctioned competition.

The HCBC Rules are reviewed annually and posted on the HCBC website. Submissions for recommended rule changes will be considered until October 1st annually and reviewed for inclusion to the next years' rule book.

Aims Goals and Objectives

To ensure that Competition Organizers have the tools and support they need to operate within the recognized sport framework, follow current safety rules and guidelines and be aware of the risk management that is necessary and of the utmost importance for hosting a well-planned, successful competition.

To provide HCBC sanctioned competitions the support and governance of the current Horse Council BC Rule Book.

To develop, grow and retain a deep pool of well-educated and knowledgeable officials.

To capture the activity that demonstrates the value of Equestrian Sport to the government at all levels.

To provide, through education, participation in a quality structured, grass roots competition system and a well-planned development pathway, a feeder system that will grow and strengthen the development of the discipline sports and equestrian athletes.

To align with Long Term Equestrian Development (LTED)

Horse Council BC welcomes and encourages all grass roots and entry level competition organizers to sanction their show with HCBC. By doing so the equestrian sport community in BC can work together to ensure a fun, affordable environment within a fair playing field that will aid towards the growth and success of Equestrian Sport in BC.

Horse Welfare Statement

Horse Council BC members are responsible for the well-being and humane treatment of any equine entrusted to their care. Every horse at an HCBC approved event shall, at all times, be treated humanely and with dignity, respect, and compassion. The welfare of the horse is paramount. Any inhumane treatment or the abuse of a horse by any person at an approved HCBC show is forbidden. The obligation and responsibility to handle horses you own, use or that are in your care, with skill and compassion ensuring, regardless of value that they are not subjected to abuse, neglect or mistreatment. Horses used in competition, spectator events, shows, or exhibitions must not be subjected to unscrupulous use of medications, non-nutritive agents, equipment or procedures that may alter performance, appearance or natural function.

The standard by which conduct, or treatment will be measured is that which a person who is informed and experienced in generally accepted equine training and competition practices would determine to be neither cruel, abusive, nor inhumane.

It is recommended that competition management publish a statement in their show program regarding the commitment to humane treatment of horses with the penalties to be imposed for confirmed abuse of horses at a recognized event.

1. All forms of cruel, inhumane or abusive treatment of Horses, which include, but are not limited to various forms of rapping, are strictly forbidden. and will result in elimination

- Rapping:

The term “rapping” is construed to include all of the artificial techniques intended to make the horse jump higher or more carefully in competition. In general Rapping consists of the Rider- and/or dismounted assistants, (for whose behavior the rider is responsible) - either hitting the horse’s legs with something (no matter with what or by whom) or deliberately causing the horse to hit something itself, whether by building obstacles too large and/or too wide, setting false ground lines, placing trotting poles or the elements of a combination at a false distance, intentionally pulling or pushing the horse into an obstacle or otherwise making it difficult or impossible for the horse to negotiate the practice obstacle without hitting it. In the case of rapping or any other abusive schooling practice within the period of jurisdiction of the Competition Management and Provincial Rules Official, the competitor and the horse concerned will be disqualified from the competition with the possibility of being asked to leave the competition grounds

- Excessive use of the whip:

- The whip may not be used to vent an Athlete’s temper.
- A Horse should never be hit with a whip more than three times in a row.
- The horse’s skin should never be broken due to excessive use of the whip
- The whip is not to be used after elimination

- Excessive number of classes: typically, no one horse should do more than five classes in one day.

Bio Security

It is strongly recommended that horses be up to date on vaccinations and in good health to perform.

Vaccinations offer horses protection from some infectious diseases, but do not eliminate disease risk. Vaccination guidelines vary by region. This should be taken into consideration when weighing the risk for exposure. While there are costs associated with vaccines, those costs are generally much lower than the costs associated with an infectious disease.

Show management has the right and duty to demand removal of a horse from the grounds if it is deemed unfit to compete. Competition management may enforce vaccination requirements for their competition or venue.

A request for supporting documentation confirming a horse's compliance with mandatory vaccination requirements is an acceptable condition of entry.

For more information on bio security practice please visit <https://hcbc.ca/equine-welfare/biosecurity/>

Helmet Policy

Horse Council BC (HCBC) strongly recommends that anyone riding or driving a horse should wear ASTM/SEI/BSI/BS EN; EN; AS/NZS; CE VGI approved protective headgear, specifically designed for equestrian activities. ASTM (American Society for Testing Materials); SEI (Safety Equipment Institute, Inc.); BSI/BS EN (British Standards Institution); EN (European Union Standards); AS/NZS (Australian/New Zealand Standards); or CE VG1 01.040 2014-12 (provided they are BSI Kitemarked).

The helmet should be properly fitted with safety harness correctly secured, while mounted, riding or driving, ***with the exception for the discipline of vaulting.***

Every time, every ride, all riders all drivers.

Youth competitors must wear properly fitted approved ASTM, SEI, BSI/BS EN, EN, AS/NZS/ or CE VG1 protective headgear, with safety harness correctly secured while mounted on the competition or event grounds and in ALL classes and Performance Divisions.

The wearing of religious headwear will be accepted for adult riders/drivers without penalty. The option to wear an approved helmet with a sports turban is strongly advised.

- It is recommended that electric timers be used as official timers in all timed events.
- When hand timers are used, it is recommended that a minimum of three watches be used with the median time being the official time.
- The median time is the time indicated by two of the three watches, if two agree. If no two watches agree, the median time is the time indicated by the watch which has neither the fastest nor slowest
- In the case of mechanical failure of either an electrical timer or stop watch, an exhibitor may be given a re-run in any event where exhibitors are timed.
- Should the timing equipment fail when a reason exists to eliminate the exhibitor being timed (off course, etc.), the exhibitor will not be allowed another run.
- If an element of the pattern should fall down after the competitor completes his/her course (the timer has stopped), the pattern shall be judged as correct.

6.1.6. Barrel Race

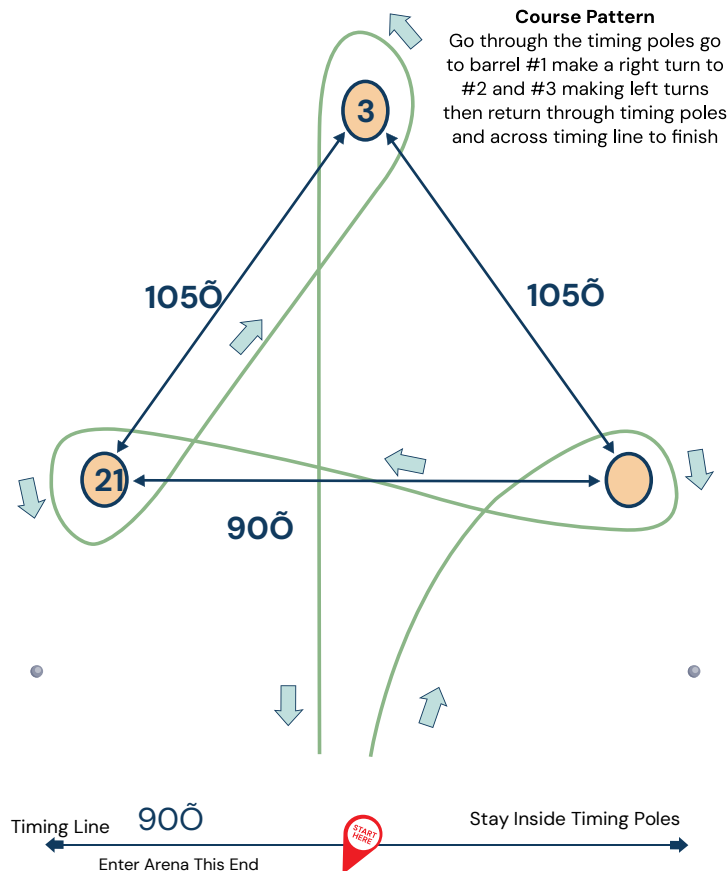

The Barrel Race is a timed event; the course consists of three barrels set in a triangular course. Horses shall race in a cloverleaf pattern around the barrels, individually timed and the fastest time wins.

- The course must be measured exactly according to the diagram and cannot exceed these dimensions. However, if the course is too large for the available space, the pattern should be reduced five yards at a time until the pattern fits the arena. Adequate space must remain between barrels and any obstacle. The distance from barrel number three to the finish line need not be reduced five yards) at a time if there is sufficient room for the horse to stop. When measuring the area for the barrel course, allow ample room for horses to complete their turns and stop at the finish. It is recommended there be at least 45 feet (13.5 meters) from the starting line to the end of the arena, at least 18 feet from barrels 1 and 2 to the fence and 36 feet from barrel 3 to the end of the arena.
- Large 55-gallon (200 litres) steel drums in good condition or heavily weighted plastic drums with both ends in must be used. The use of rubber or unweighted plastic barrels is not permitted.
- A clearly visible start line must be provided

6.1.6 Barrel Race (cont.)

- Starting line markers or electric timers, when possible, shall be placed against the arena fence. Electronic Timing shall begin as soon as the horse's nose reaches the starting line and will be stopped when the horse's nose passes over the finish line.
- At a signal from the starter, the contestant will run to barrel number 1, pass to the left of it, and complete an approximately 360 degree turn around it; then go to barrel number 2, pass to the right of it, and complete a slightly more than 360 degree turn around it; then go to barrel number 3, pass to the right of it, and do another approximately 360 degree turn around it; then sprint to the finish line, passing between barrel number 1 and 2. This barrel course may also be run to the left. For example, the contestants will start to barrel number 2, turning to the left around this barrel, then to barrel number 1, turning to the right, and then to barrel number 3, turning again to the right, followed by the final sprint to the finish line.
- The contestant may touch the barrel with his or her hands in barrel racing.
- Knocking over a barrel carries a five-second penalty.
- A five second penalty will be assessed if the hat or helmet is not on the exhibitor's person for the entire time the exhibitor is in the arena in barrel racing.

Barrel Race Pattern

6.1.7. Flag Race

The object of this game is for the exhibitors to race individually while being timed, and the fastest time wins. The exhibitors will retrieve a flag from one place (or from a line) and place flag in another designated place.

- The three (3) barrels are placed in a triangle pattern. The pattern will be set to fit the arena, with no barrel closer than 15' from any fence. The flag is to be picked up at the first barrel, contestant to proceed around the second barrel and deposit the flag in a container on the third barrel and then cross the finish line.
- Containers for the flags should be 45-gallon barrels, plastic or metal, one end open.
- Flag sticks should be 36" in length with about 1" round dowel and blunt ends.
- The container must be set on the outer edge of the barrel and the flag in the outer edge of the container.
- The same flags will be used by all contestants in a class.
- If a flag breaks during the run, the rider will be given a rerun.
- Riders may run the course to the right or left.
- The rider must signal to the ring crew if they will be running right or left

Elimination

- If a flag is dropped or missed, the exhibitor cannot dismount to pick it up, and is eliminated.
- Knocking over barrel or flag container or touching barrels with hand
- Flag not staying inside the container

6.1.8. Key Hole Race

Keyhole Race is a game where the exhibitor runs into the circle, turns left or right, and exits without touching or stepping out of the keyhole. The fastest time wins.

- The starting line must be 50' – 100' from the entrance to the key. The entrance is 4' wide and 10' long, and the keyhole itself is 20' in diameter.
- The exhibitor must wait for the start signal.

Elimination

- The exhibitor is not permitted to walk the horse into or out of the circle, doing so is cause for elimination.
- Stepping on or outside of the circle is cause for elimination.

6.1.8 Key Hole Race (cont.)

Keyhole Pattern

Keyhole

Disqualification occurs if the horse's hoof touches the ground on (or outside) any portion of the keyhole (circle or wings).

Course Pattern: Go through the timing poles, run into the circle of the keyhole, turn in either direction, and return through the timing poles. All four of the horse's feet must enter the circle.

6.1.9. Pole Bending

Horses will begin down either side of the line of poles to the end, weave in and out through the poles and return to the start-finish line. Fastest Time wins

- The course shall consist of one line of six poles with a common start- finish line.
- The first pole will be 21' from the start line and the other five poles in a line 21' apart
- A five second penalty shall be applied for each stake knocked down to the exhibitor's total time for the run.

6.1.9 Pole Bending (cont.)

Elimination

- Exhibitor touching a pole with their hand
- Off course, missing a slot

6.1.10. Stake Race

This game is similar to Pole Bending, except that only two stakes are used, and are run in a figure eight pattern, with the start and finish in the center of the pattern

- A three second penalty will be assessed and added to the exhibitor's total time for each stake knocked over.
- The course may be run starting to the left or right of the figure eight pattern. The fastest time wins.
- The stakes are to be set 150' apart. The course can be adjusted to 105' to accommodate smaller arenas.
- A traditional Figure Eight Pattern with middle running start and finish should be used.
- End start and finish at the discretion of the organizing committee.
